For a period of 10 years from the Warranty Date below, Firestone Building Products Europe ("Firestone"), hereby warrants to the Building Owner ("Owner") that Firestone will repair any leak, including labor and membrane costs, that occur as a result of deterioration of the Firestone Roofing Membrane to the point of failure due to ordinary exposure to the elements or any defects in the manufacturing of the Firestone Roofing Membrane.

In the event any leak should be discovered in the Membrane, the Owner must give written notice to Firestone within thirty (30) days if deterioration of the membrane is suspected as the cause of the leak. By so notifying Firestone, the Owner authorizes Firestone or its designee to promptly inspect the project installation to determine the cause of same. In the event that Firestone reasonably determines that deterioration was caused by a defect in material or manufacturing workmanship, Firestone's liability shall be limited to the labour and membrane costs to repair of the leak.

To the extent that any damages are due to acts of God, natural disasters (including, but not limited to winds, hurricanes, lightning, tornadoes, and earthquakes), negligence, abuse, vandalism, repairs or alterations or attachments or additions to the project, or war or civil disobedience and/or do not directly arise from any defect in material or manufacturing workmanship, such damages are excluded from coverage under this warranty.

Firestone shall have no obligation under this warranty until Firestone, the Licensed Contractor, and material suppliers have been paid in full for all materials, installation, supplies and service, which are included in the project contract.

This is the entire warranty covering the membrane material and there are no other guarantees or warranties expressed or implied.
